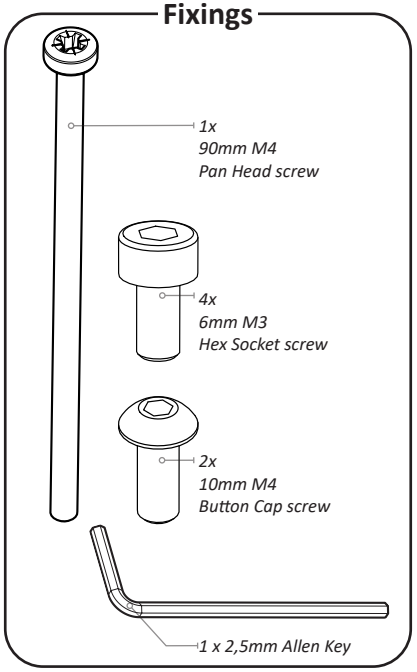
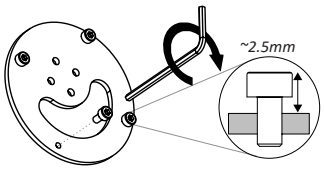
SpacePole®
mounting & mobility

MK15-0318 version 0.2 07/2021

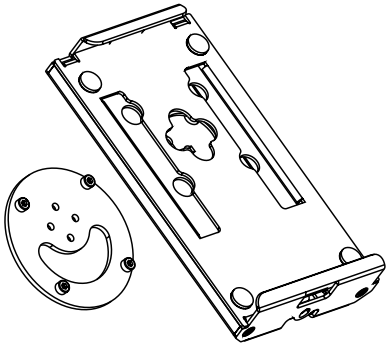
Fixings



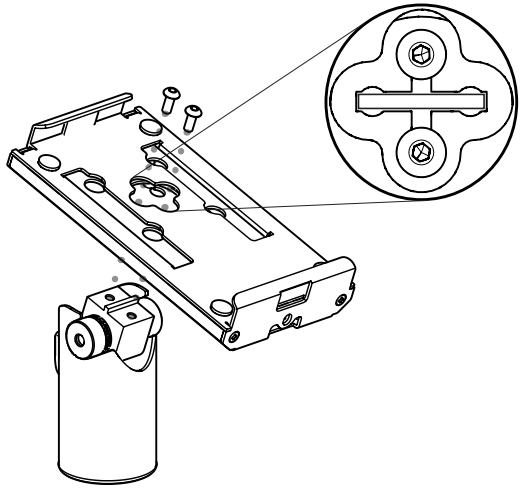
2a 40 x 40 mm Installation
Portrait / Landscape
Use Hex Socket screws
Screw in approx. 2,5mm



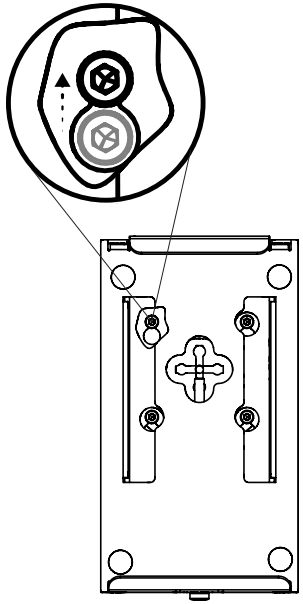
2b Insert U-Frame on screws
Larger keyhole first



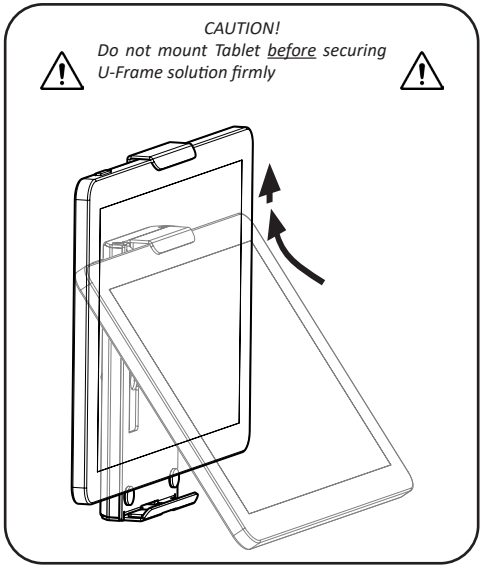
1 DuraTilt Installation
Portrait / Landscape
Use Button Cap screws



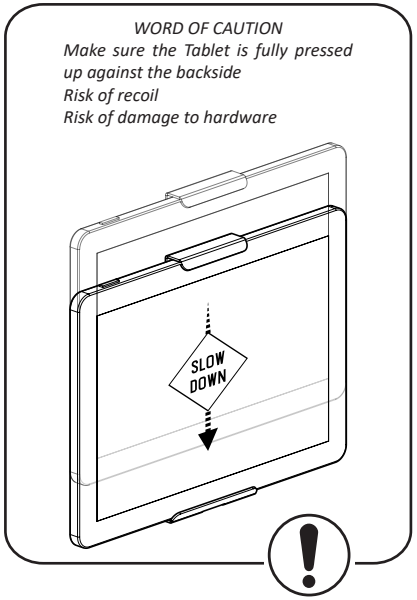
2c Slide U-Frame into place
Tighten fully using Allen Key



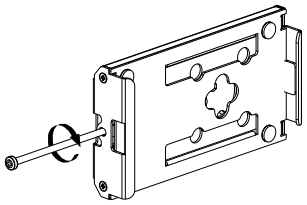
3a Insert Tablet by leveraging in and push up against spring. Keep both hands firmly on the tablet at all times



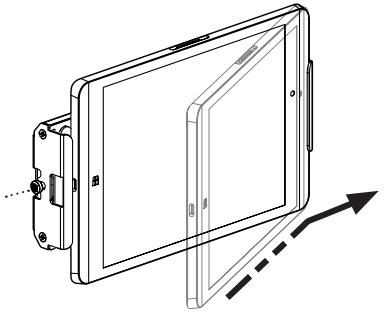
3b Lower Tablet under control
Do NOT just let go!



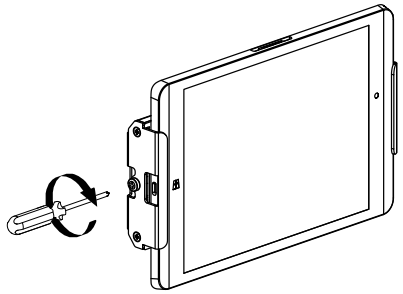
4a If security screw is used, first screw 90mm Pan screw into socket approx. 5-10mm



4b Insert Tablet - See step 3



4c When fully inserted, tighten screw (0.5N m)



It is not recommened to tighten security screw more than 0.5N m to elimnate risk of hardware damage
