In-Window floor mount

Hardware agnostic, Modular, Configurable, Customisable

In-Window floor mounts

The SpacePole Digital Signage In-Window floor mount enables you to deliver highly targeted messages to specific customer segments. Promote seasonal items, delivery options, instore offers and much more with this space saving single or back-to-back solution. Stable and secure, this slimline design is the ideal platform to engage with your customers in both large and convenience stores or smaller retail formats.

Compatibility

The In-Window floor mount is hardware agnostic. It is perfect for integration with single or back to back high brightness screens from 42"-75" in portrait or landscape orientation

Features

- **Slim footprint and hidden cabling:** Optimised for window installations

- **Versatile compatibility:** Screen bracket accommodates various VESA patterns as well as being compatible with either single or double screen installations

- **Predefined screen height options:** Select your preferred screen position

- **Modular design:** Ensures easy assembly of the solution on site

Benefits

- **Unleash your floorspace potential:** The ultimate solution for confined areas

- **Future-proof solution:** Seamlessly adapt to future digital signage installations, minimising waste and replacement costs

- **Tailored flexibility:** Enjoy the freedom to set the screen height as per your preference during installation

- **Affordable installation & maintenance:** Reduce time and cost in setting up and maintaining the display with easy accessibility

Metal products are available in black, white, and other colours.
