

TabPOS TabPrint™

Tablet Solutions

All in one Self-Service solution

With its functionality and looks, TabPrint is the ideal mounting solution for Self-Service ordering & Ticketing, or Self-Check-out applications, bringing improved customer experience to retail, hospitality, and leisure industry applications. Manufactured in steel, TabPOS TabPrint is a stylish mount for incorporating printers with a wide range of tablets and the option to add payment devices in one compact, fashionable solution with a small footprint.

Compatibility

One universal mount for any tablet from 7" to 12.9", including Apple, Samsung and our range of TabPOS® enclosures.

Also compatible with Star Micronics mC-Print3 & Epson TM-M30 printers and any payment devices from 20+ vendors

Features

- **Stylish:** An All-in-one solution to complement any retail or hospitality environment. Users can set up the tablet angle to suit their own personal preferences
- **Secure:** Can be screw-mounted and used with the TabPOS A-Frame™ Kensington key lock to keep secure when unattended
- **Hygienic:** Antimicrobial powder coating (IGP-DURA care) as standard for all black (02) metal solutions
- **Modular:** Change your tablet, or add new printer and payment devices to meet future needs

Benefits

- **Boost sales:** Frees staff to help other customers, while delivering a great customer experience and increasing the value of the brand
- **Keep your business running:** Knowing that the tablet is securely locked and any lost Kensington lock key is replaced, free of charge
- **Keep people safe:** Give health-conscious consumers a safe, contactless checkout experience
- **Protect your investments:** With a five-year warranty for greater peace of mind
